STAT

Dear [REDACTED]

Thank you very much for your letter of 18th August regarding Christopher Saltmarshe's visit and I am glad that you approve in principle of the itinerary which I outlined to you. As promised, I attach a more detailed itinerary which we have worked out here. It is of course not intended that this should be regarded as in any way rigid but is meant to be in the nature of a guide. I fully appreciate what you say about the time to be spent at Tokio, Okinawa and Hokkaido, and the detailed arrangements for the visits to those stations can well be left to your Bureaus and Saltmarshe to fix as they think best. The only reasonably firm dates are those of Saltmarshe's arrival in Tokio on 21st October and his departure from the area about 21st November, and he has full discretion as to how he divides his time during this period.

I have had a conversation this morning with Brace about Saigon and I can assure you that I fully understand the position, and we are only too happy to fall in with your suggestion that the visit to Saigon should be entirely unofficial. Saltmarshe is on leave at the moment and I go off today for a fortnight, but I have arranged that Brace will explain the circumstances to Saltmarshe so that he will be fully briefed about it.

I am sure this visit will be of the greatest value to us in familiarising us with the operations in the various FBIS bureaus and learning of the problems firsthand, and I am most grateful for your help in making these arrangements.

Yours sincerely,

J.T. Campbell
